# Favorite Places

You can save your frequently visited places as your favorite locations in RouteIQ. You can then use your favorite places as the start or end points when creating routes.

Adding Favorite Places

1. Click the gear button in the top-right corner of the RouteIQ window. This will open the *Settings* menu of RouteIQ.

2. Click the + button located to the right of the *Favorite Places* option in the *Settings* menu. This will open a panel where you can add a favorite place.

3. Search for the location you want to add to your favorite places list.
4. Select the location type as your home, work, or enter a custom name.
5. Select whether you want this location to be your default start or end location.
6. Click **Add** to add the location to your favorite places list.
