

Preview

Preview how a survey will look on smartphones, tablets and desktops at any point before or after it is published. This preview can be shared with your friends and colleagues to gather their opinions on the theme you've used. However, you cannot collect responses in a preview. Also, previews won't show [end page logic](#).

To preview how your survey will look right from the My Surveys page:

1. Click the Zoho Survey logo in the upper-left corner of the page.
2. If you're an Enterprise user, click the department you'd like to access. The *My Surveys* page will appear.

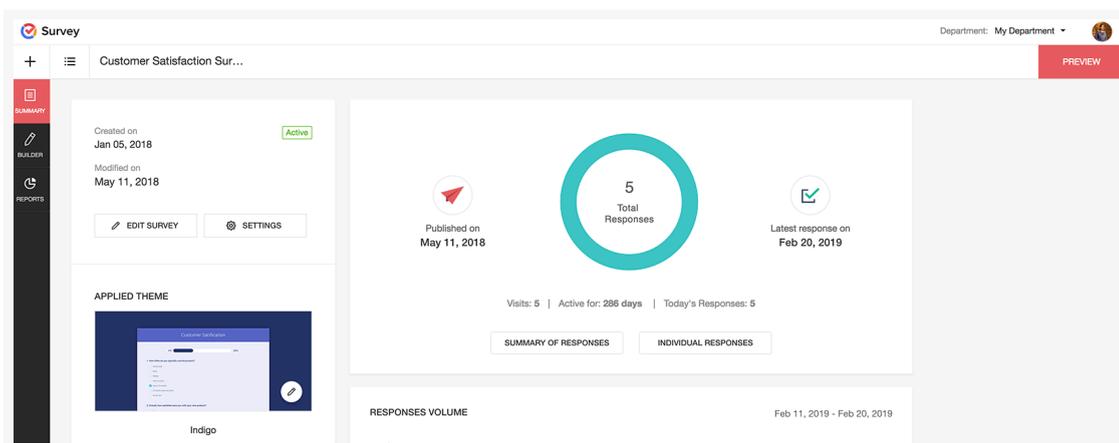

3. Hover over the survey you want to preview and click .
4. You can share this preview with anyone by clicking the *Share the preview URL* tab in the **Review** popover. You can disable and enable this review link at any point in time.

5. Published surveys will show **Access** instead of Preview. Click **Access**  to see the live survey.

To preview how your survey would look from the Summary page:

1. Go to the *Summary* page of your survey.

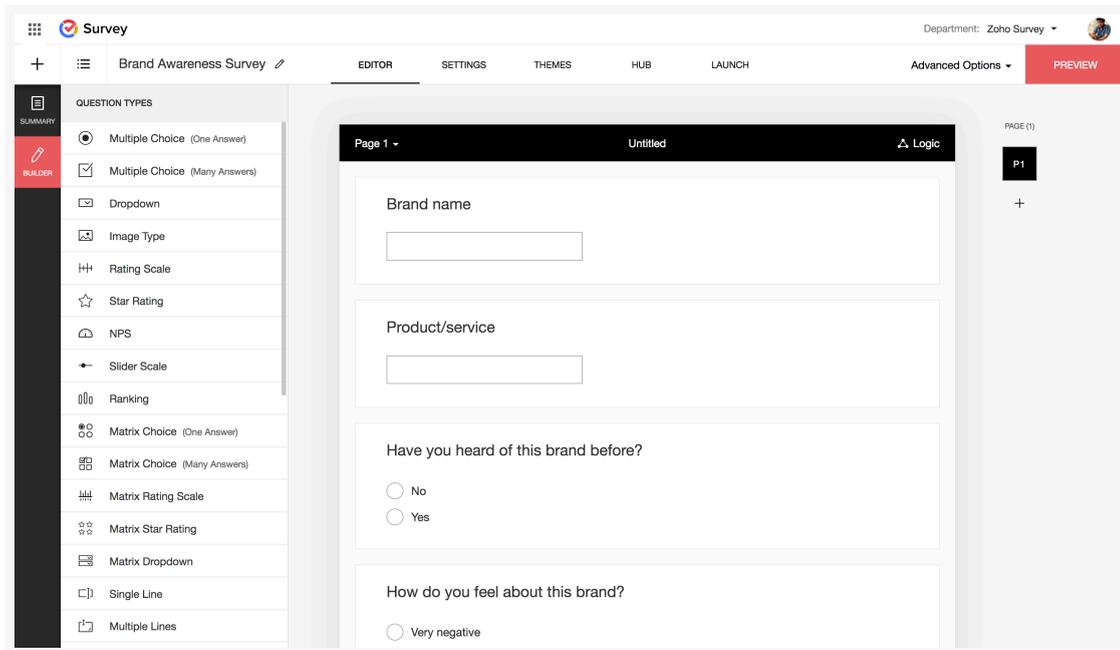

2. Click **Preview** on the top-right corner of the page to see how your survey will appear on a computer desktop, tablet, or smartphone, before sending it out to your audience.

PREVIEW

3. You can share this preview with anyone by clicking the *Share the preview URL* tab in the **Review** popover. You can disable and enable this review link at any point in time.

To preview how your survey would look from the Survey Builder page:

1. Go to the *Builder* page of your survey.

The screenshot shows the Zoho Survey Builder interface. At the top, there's a navigation bar with 'Survey' and 'Brand Awareness Survey' tabs, and a 'PREVIEW' button on the right. Below the navigation bar is a 'QUESTION TYPES' sidebar with various question formats like Multiple Choice, Dropdown, Rating Scale, etc. The main area displays a preview of a survey page titled 'Page 1 - Untitled'. The survey content includes three questions: 'Brand name' with a text input field, 'Product/service' with a text input field, and 'Have you heard of this brand before?' with radio buttons for 'No' and 'Yes'. Below that is 'How do you feel about this brand?' with a radio button for 'Very negative'. The interface also shows a 'Logic' button and a 'P1' indicator on the right side.

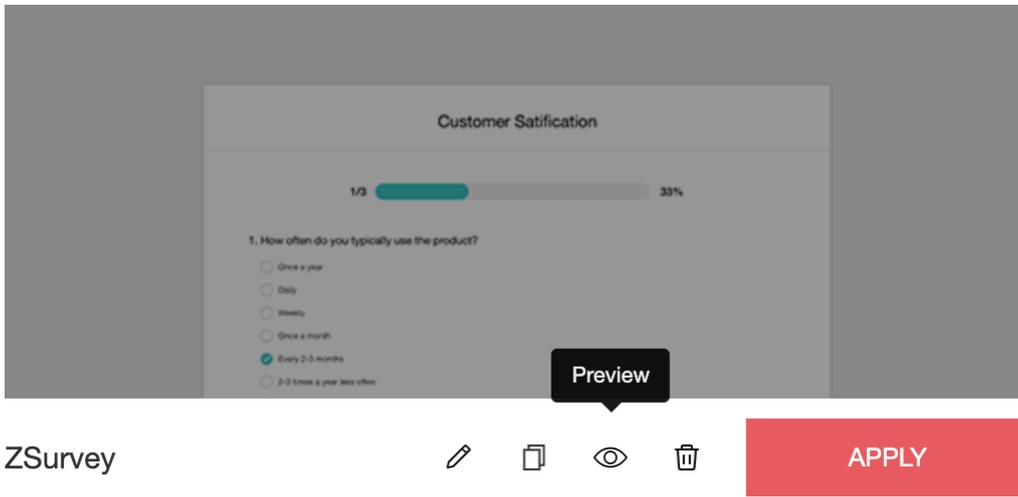

2. Click **Preview** on the top-right corner of the page to see how your survey will appear on a computer desktop, tablet, or smartphone, before sending it out to your audience.

PREVIEW

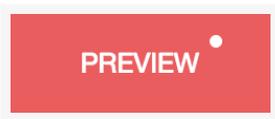

3. You can share this preview with anyone by clicking the *Share the preview URL* tab in the **Review** popover. You can disable and enable this review link at any point in time.

To preview a theme:

1. Go to the *Themes* tab in the survey's builder.
2. Hover over the theme and click the **Preview** option.

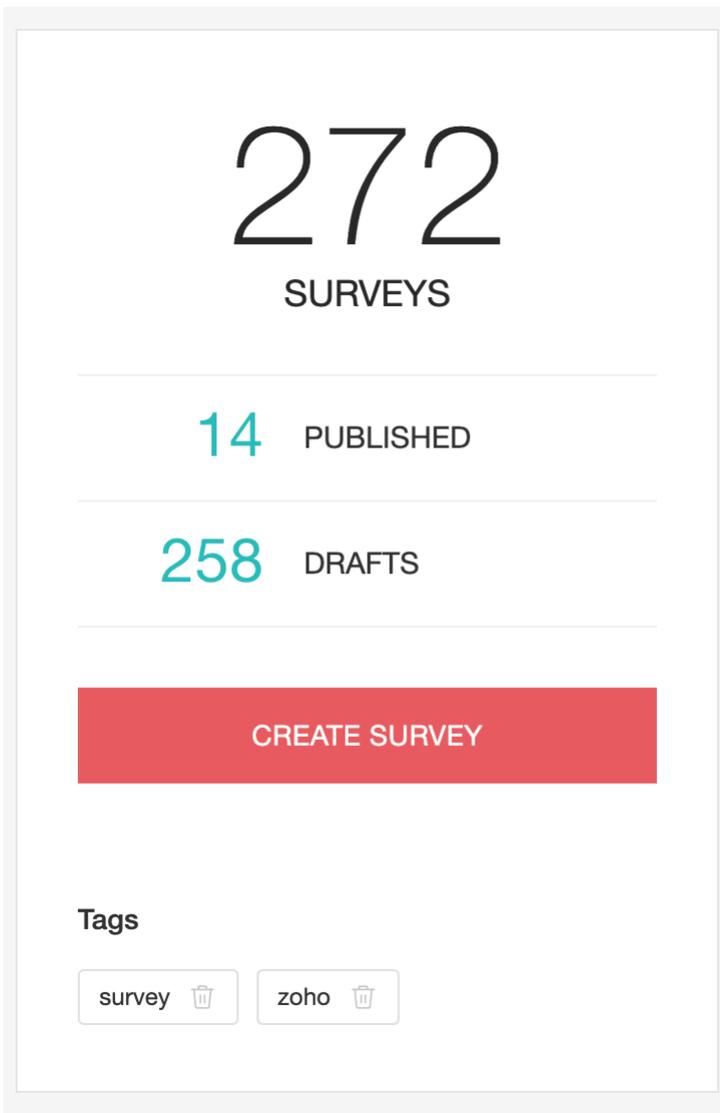

3. You can also click **Preview** on the top-right corner of the page to see how your survey will appear on a computer desktop, tablet, or smartphone, before sending it out to your audience.

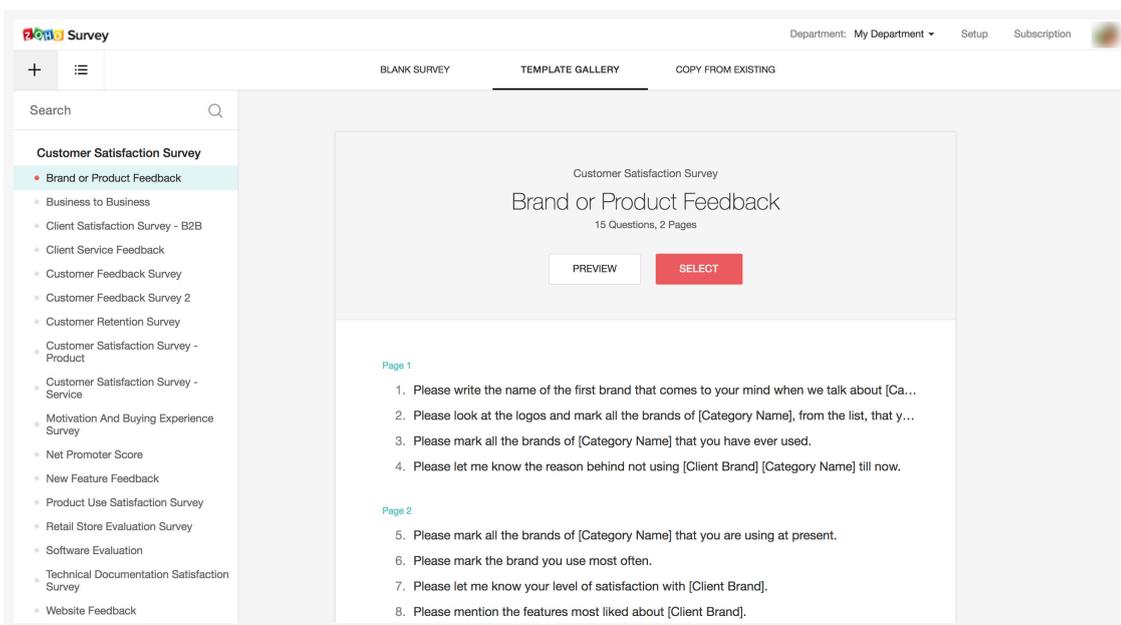

4. You can share this preview with anyone by clicking the *Share the preview URL* tab in the **Review** popover. You can disable and enable this review link at any point in time.

To preview a template:

1. Click **Create Survey**, or the + icon in the upper-left corner of your screen.

2. Click **Choose from Template**. The survey [templates](#) appear on the left.

3. Search and pick the template you'd like to use and click the **Preview** button to see the template.

To access more options:

1. Click **Preview** on the top-right corner of the page.
2. Click **Options** and turn the *Enable Comments* toggle button on if you want to show the comments in your survey preview.
3. Turn the *Ignore Validations* toggle button on if you choose to ignore validations in the preview.
4. Turn the *Hidden Questions* toggle button on to show all hidden questions, and choices hidden using logic (display logic, piping logic - insert variables) in the preview.
5. Click the adjacent dropdown to navigate to the other pages in the survey.
6. Click **Review** to share your survey with your friends or colleagues for feedback.
